

Performing Arts
Booster Association

Promoting enrichment, experience and equity in the arts

South Tahoe High School Performing Arts Booster Association

The Performing Arts Booster Association (PABA) was created by volunteer parents to provide support to students and staff of the performing and visual arts at STHS. PABA supports over 600 students enriching their high school experience with theater, music, digital media arts & visual art.

PABA provides funds for our musical and pays for the royalties, sets and support. Throughout the year, PABA provides funds for guest teachers, student scholarships for honor bands and supports trips to professional theater performances, band competitions and photography workshops.
